

INFINITUM

WELCOME TO EVERYTHING

MANAGEMENT SYSTEM POLICY

INFINITUM RESORT, S.A.U. includes the facilities of INFINITUM Beach Club and INFINITUM Golf dedicated to sports, recreational activities, and food and beverage services.

The management of INFINITUM RESORT, S.A.U., fully aware of the need to protect the environment and taking into account the processes and activities that it carries out, is committed to promoting sustainable development. In this regard, INFINITUM Beach Club and INFINITUM Golf hold ISO 14001 and EMAS certifications. In addition, the INFINITUM Golf has Audubon GEO certification.

For its part, INFINITUM RESORTS.A.U. is involved in the "Sèquia Major" environmental activities, within the PEIN-classified area.

The organisation's commitments are specified in the following principles:

- Promote a responsible environmental attitude, motivating and raising awareness amongst company personnel in environmental matters, given that the success of the Management System depends fundamentally on the active participation of all employees. **A Green Team has been set up within the organisation with the objective of ensuring the correct implementation of environmental measures.**
- Identify and manage environmental aspects using appropriate techniques to minimise the consumption of natural resources, paying special attention to the consumption of electricity, drinking water, and reclaimed water for irrigation from the EDAR.
- Promote the minimisation of waste both in the active catering units and in the special waste generated in the golf activity.
- Ensure that the organisation complies with the applicable legal requirements and all others to which the organisation voluntarily subscribes.
- Act on the risks and opportunities associated with its activities and facilities to try to minimise its potential impact on the environment.
- Establish objectives and programmes that lead to continuous improvement of the management system, reduction of environmental impacts, non-conformities and improvement of the organisation's work environment.
- Facilitate the information and resources necessary for a correct understanding of the repercussions of the organisation's activities on the environment, contributing to the necessary dialogue with authorities, institutions, and the general public.
- Work on the prevention and reduction of food losses and waste, promoting the awareness of all staff and other stakeholders.
- This Policy will be reviewed in order to adapt it to our activities, as well as to the reality and demands of the environment. The Policy will be communicated to all employees and personnel working on behalf of the organisation and will be available to all stakeholders.
