to everything.**

Welcome to INFINITUM

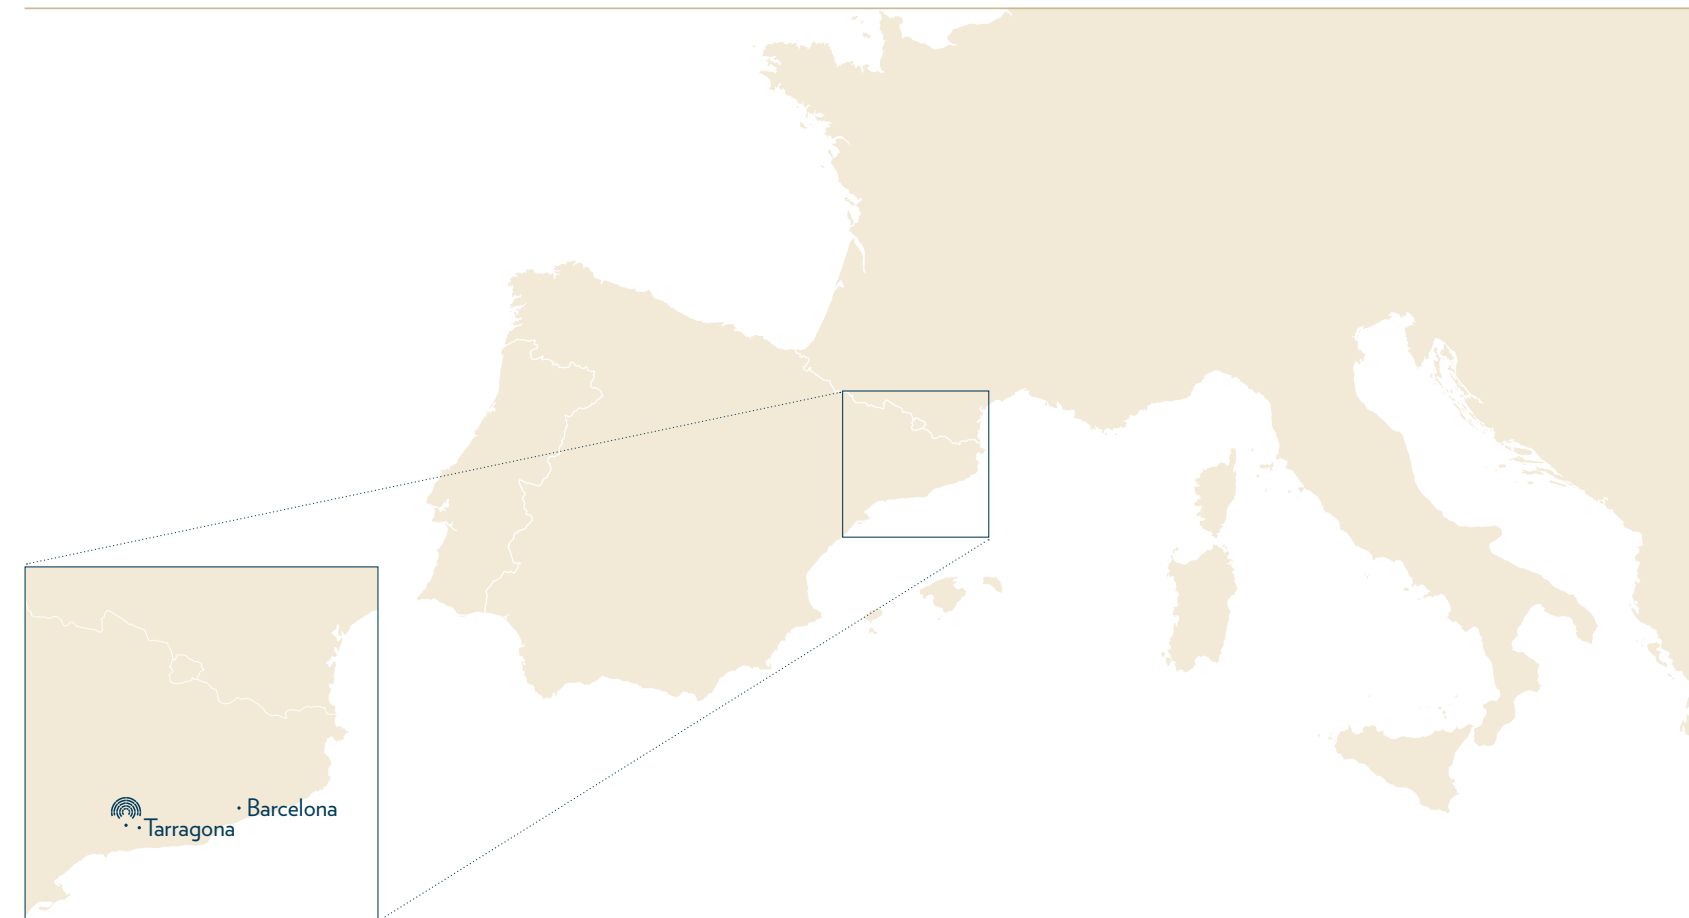

A unique place on the Costa Dorada that allows you to lead a lifestyle based on tranquillity and sustainability while being totally surrounded by nature.

Live a mere stone's throw from the sea while enjoying access to a plethora of services designed with you in mind. You'll be surrounded by protected natural spaces with infinite possibilities where you can enjoy sunshine, tranquillity and lovely temperatures all year round.

INFINITUM has a privileged location just 20 minutes from Tarragona and a little over 1 hour from Barcelona. It also enjoys excellent road, rail and air connections.

At this private resort of exclusive properties, you'll be made to feel like you've got the world at your fingertips.

-  Barcelona airport: 1 h
Reus airport: 15 min
-  High-speed train station: 20 min
-  Barcelona city centre: 1 h 15 min along the C-33 or A-7
-  Tarragona port: 15 min
-  Salou Sailing Club: 10 min
-  Escola Internacional del Camp: 10 min

TARRAGONA

The capital of ancient Hispania, Tarragona is home to a handful of historical treasures. The beauty of its surroundings, the range of cultural proposals, the quality of its gastronomy and the plethora of services on offer imbue the city with a distinct vibrancy and dynamism.

BARCELONA

There are a million and one reasons to fall in love with Barcelona, which is just 1 hour from Tarragona: from magnificent art and architecture to gorgeous natural spaces, rich cultural heritage, and a comprehensive range of leisure activities.

PRIORAT

Surrounded by two of the most prestigious wine regions anywhere in southern Europe, INFINITUM is the perfect starting point for those looking to explore Catalonia's finest vineyards.

resort

DELVE INTO INFINITUM:
A HOME OVERLOOKING THE MIGHTY MEDITERRANEAN.

REDISCOVER THE MEANING OF CALMNESS
AND CHERISH LIFE'S SPECIAL MOMENTS IN THE IMPRESSIVE
FACILITIES AND SERVICES OF OUR PRIVATE RESORT.

PLAY YOUR WAY AROUND THE THREE GOLF COURSES,
RELAX AT OUR BEACH CLUB, SAMPLE OUR EXQUISITE
GASTRONOMY, AND WORK OUT IN OUR COMPREHENSIVE GYM.

WE'VE GOT EVERYTHING COVERED.
YOU'VE GOT IT ALL, RIGHT ON YOUR DOORSTEP.

When golf is life

Our three exclusive golf courses make every round a memorable experience. Whether you're a novice or a seasoned pro, you'll experience the very best of this sport thanks to INFINITUM golf's high-end facilities.

Our Lakes and Ruins courses, both of which were designed by Greg Norman, and our Hills course, which offers stunning views of the Mediterranean, ensure that every round is a sublime one.

'EUROPE'S BEST GOLF
REAL ESTATE
VENUE 2023'

The best gastronomic offer on the Costa Dorada

The mild Mediterranean climate, the fertile Tarragona terrain and the sweeping Montsant vineyards ensure locally sourced ingredients of the highest possible quality.

These ingredients are employed in both avant-garde proposals and more traditional dishes in which flavour takes centre stage.

Enjoy exquisite gastronomy both inside and outside the resort, with three Michelin-star restaurants less than 20 minutes away.

An oasis by the sea

Celebrate those magical moments in a privileged setting with 5 areas conceived with total relaxation in mind.

Gaze out to the horizon from our INFINITY pools, seek shelter from the sun in our cabins or relax your body and mind in our Balinese beds.

AS AN INFINITUM PROPERTY OWNER.

The list of services is merely indicative. The contracting thereof shall be managed separately under the direct payment-for-use system. However, final availability and contracting will depend on a minimum number of resident requests, which may vary depending on the service in question.

A sustainable landscaping project

INFINITUM was designed in collaboration with the prestigious architectural studio Batlleiroig.

The combination of innovation, architectural brilliance and top-quality engineering at the service of the environment has brought INFINITUM success and international acclaim.

INFINITUM's good sustainability practices have led to it becoming certified for some of the industry's most demanding standards.

FAÇADES

The external façades consist of light-coloured, ribbed, extruded ceramic slabs with smooth edges and thermal insulation with rockwool panels. There are metal railings with stainless steel handrails and uprights and a rhomboidal mesh with stainless steel finish.

ROOFS

There are non-trafficable inverted roofs with a gravel finish in the rooftop's communal areas, with access for facility maintenance staff. The roofs of the private balconies have a technological wood finish.

INSULATION

The apartment's external insulation takes the form of semi-rigid rockwool panels on the ceramic slab façades and walls with openwork brick cladding, which are supported and lined with mineral rockwool infill. 100 mm extruded polystyrene roof insulation. Maximum building energy efficiency rating: A.

CARPENTRY AND EXTERIOR GLAZING

Lacquered aluminium carpentry with thermal break using Climalit glass. There are tilt and turn doors in the bedrooms and kitchens and sliding doors in the dining rooms and leading to the balconies. There are motorised aluminium roller shutters with injected insulation.

INTERIOR PARTITIONS

Inter-dwelling separation takes the form of a laminated double-structure plasterboard partition with independent chamber and galvanised steel sheet, self-supporting 15-mm plasterboard cladding and thermal and acoustic insulation with rock wool panels. The interior separations are double plasterboard walls with mineral wool insulation and a painted finish.

COVERINGS AND FALSE CEILINGS

The walls and ceilings are finished with plasterboard and painted with smooth matte paint. The only exception is the kitchen, where the same material as the Neolith furniture area is used. The bathrooms are lined with 30 x 90 cm Porcelanosa stoneware tiles, with a textured main wall and smooth secondary walls.

FLOORING

The inside flooring consists of 80 x 80 cm Porcelanosa porcelain tiles. Technological wood has been used on the outside terraces.

INTERIOR CARPENTRY

Each house has a reinforced front door with a 3-point security lock. White lacquered interior doors with stainless steel fittings. White lacquered built-in wardrobes with drawers, shelves and hanging rails, with a textile interior finish.

KITCHENS AND APPLIANCES

The kitchen is complete with high and low Santos kitchen units, with a silky black anti-fingerprint finish. Neolith Pietra di Luna worktops and fronts. Hansgrohe 50-cm stainless steel sink and tap. LED lighting underneath the high kitchen units. Bosch appliances (oven, microwave, 70-cm flex induction hob, built-in dishwasher, built-in fridge-freezer) are included. Bosch ceiling hood with LED lights.

TELECOMMUNICATIONS, ELECTRICITY AND PHOTOVOLTAIC PANELS

Telecommunications systems have been installed in accordance with telecommunications infrastructure regulations. There are RTV, SAT and telephone installations with sockets in the living room and bedrooms. 2 photovoltaic panels have been installed on the roof of each house to reduce the aerothermal system's electricity consumption and put the surplus production towards reducing the house's internal consumption.

HOME AUTOMATION

There is a home automation system with control panels in the living room and bedrooms, allowing the user to control the blinds, heating and lighting in the living-dining room and master bedroom. The home automation system is integrated with the house's aerothermal air conditioning and underfloor heating systems. There is a main control panel in the hall with a home automation and video door entry screen.

AIR-CONDITIONING, HEATING AND DOMESTIC HOT WATER

Each house has underfloor heating technology, an individual heating system and a Daikin ducted air conditioning system. The hot water is produced by an aerothermal system with minimum tank accumulation of 260 l. All bedrooms and the living-dining room have an underfloor heating thermostat.

INDOOR COMMUNITY FACILITIES

The building has an energy-saving electric lift without machine room with capacity for six people. Stainless steel doors. Interior walls lined with mirrors to the half-way point and a textured finish on the rest of the walls. Each house has two underground parking spaces, one of which has a storage room. One electric vehicle slow charging point has been installed in one of these parking spaces.

PLUMBING AND SANITATION

The plumbing system consists of a cross-linked polyethylene pipe. The drainage system works by means of a soundproof polypropylene pipe.

SECURITY

An automatic video entry system has been installed at the front door. There are security cameras at different points of the urbanisation, which are controlled from the residential control centre.

BATHROOMS, SANITARY FIXTURES AND TAPS

Main bathroom: extra-flat shower tray with thermostatic tap and built-in Duravit shower with glass screen. Duravit L-Cube bathroom vanity unit in decorative light wood finish with 4 drawers, 2 Duravit circular porcelain washbasins and Duravit single lever mixer taps. Duravit wall-hung toilet (with cushioned lid) and partition. Fixed glass with upper and lower LED strips. Second bathroom: bathtub with Duravit thermostatic tap, white Duravit L-Cube washbasin and Duravit Good mirror. Duravit single lever mixer tap.

OUTDOOR COMMUNAL FACILITIES

There is an outdoor communal area with swimming pool and garden area. The ground-floor gardens also have a lawn area. Each block of apartments has access to the outdoor swimming pool along a stoneware tiled path. Residents also have access to the beach-front INFINITY pools. Blocks are connected via gravel footpaths, wooden sleepers and acid-washed concrete paving. The roads are made with stamped concrete. There is also an outdoor landscaped car park and an underpass leading to the Beach Club. There are parking spaces for the beach-front houses.

The information contained herein is subject to change due to commercial, legal or technical requirements. The specific make and model of each product is given for guidance purposes. These may be replaced by others of equivalent quality if commercial (including distribution), legal or technical requirements make it advisable to do so.

Feel like **the world is at your fingertips.**

Imagine living somewhere totally immersed in nature where you can wake up at your own pace and breathe in the Mediterranean air.

A home where you can experience magical moments and share the little things that make life so special with those you care most about.

**Live how you've always wanted to.
Right here, at INFINITUM.**
