## THE PRIZE FOR BEING UNIQUE

Named 'The Best Golf Complex in Europe' at the 2019 and 2020 World Golf Awards. INFINITUM hosted the DP World Tour 2022 ISPS Handa Championship in Spain and has been the venue for the DP World Tour Qualifying School since 2014. The Lakes and Ruins courses, designed by Greg Norman, and the incredible views of the Mediterranean make the INFINITUM experience sublime.

# Infinitum Courses

with 45 holes

## LAKES

Set amongst the natural landscape, intertwined with the regions interconnecting lake system and plantations, Lakes provides its own unique experience for golfers. Its 18 holes meander around the Sèquia Major – a collection of 14 lakes and wetlands that represent one of the most important ecosystems in the region. Water is a key feature to this challenging but scoreable golf course with the closing holes providing an exciting and testing finale.

## HILLS

Elevated tees, uniquely positioned between pine trees and cliffs, combined with panoramic sea views define Hills as one of the best golf courses in Spain. 18 unique holes make this course the perfect partner to Lakes. Featuring its very own ‘Amen Corner’, many of the holes are surrounded by water and strategically positioned trees, with the course design demonstrating a true risk and reward finish. Spectacular views of the Mediterranean, the Muntanyes de Prades Massif, and the Llaberia Natural Reserve, complete this exceptional golf experience.

## RUINS

Ruins is one of Spain’s best 9-hole experiences, winding between historic archaeological remains dating from the second century BC. A picturesque layout, enhanced by plantations of Carob and Olive trees, creates a tranquil environment, the ideal escape for those seeking a quick round, or an additional 9 holes to complete the perfect day.
