INFINITUM hosted the DP World Tour 2022 ISPS Handa Championship in Spain and has also hosted the DP World Tour Qualifying School since 2014. courses
with 45 holes

LAKES

Set amongst the natural landscape, intertwined with the regions interconnecting lake system and plantations, Lakes provides its own unique experience for golfers. Its 18 holes weave their way around the Séquia Major – a collection of 14 lakes and wetlands that represent one of the most important ecosystems in the region. Water is a key feature to this challenging but scoreable golf course with the closing holes providing an exciting and testing finale.

HILLS

Elevated tees, uniquely positioned between pine trees and cliffs, combined with panoramic sea views define Hills as one of the best golf courses in Spain. 18 unique holes make this course the perfect partner to Lakes. Featuring its very own ‘Amen Corner’, many of the holes are surrounded by water and strategically positioned trees. Spectacular views of the Mediterranean, the Muntanyes de Prades Massif, and the Llaberia Natural Reserve complete this exceptional golf experience.

RUINS

Ruins is one of Spain’s best 9-hole experiences, running between historic archaeological remains dating back to the second century BC. A picturesque layout, enhanced by plantations of carob and olive trees, creates a tranquil environment, the ideal escape for those seeking a quick round, or an additional 9 holes to complete the perfect day.
